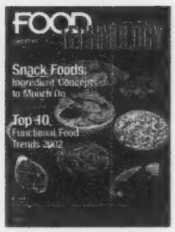
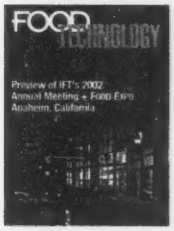
2002 INDEXES

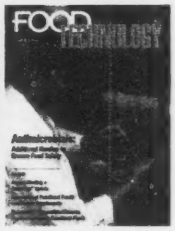
Volume 56, 2002

SUBJECT INDEX 114

AUTHOR INDEX 118







SUBJECT INDEX

Achievement Award winners
Babcock-Hart Award, Bill Helferich (8)117
Calvert L. Willey Distinguished Service Award, Elizabeth Larmond (8)117
Carl R. Fellers Award, J. Ralph Blanchfield (8)117
Elizabeth Fleming Stier Award, Carol Cooper (8)118
Food Technology Industrial Achievement Award, Avure Technologies Inc. (8)118
Industrial Scientist Award, Laurence Bell (8)118
International Award, James H. Moy (8)119
Marcel Loncin Research Prize, Jozef L. Kokini (8)119
Nicholas Appert Award, Daniel F. Farkas (8)119
Research and Development Award, Clair L. Hicks (8)120
Samuel Cate Prescott Award, Kathryn Boor (8)120
Stephen S. Chang Award for Lipid or Flavor Science, Chi-Tang Ho (8)120
William V. Cruess Award, S. Suzanne Nielson (8)121

Aquaculture
U.S. aquaculture is fighting an upstream battle (9)124

Back Page column
American obesity epidemic is getting worse (6)148
data on food additives desperately needed in Codex (1)100
food industry faces environmental challenges (11)100
good intentions are not enough (4)132
pass the whole grain snack food, please (5)216
performance standards for *Campylobacter* are not warranted (7)104
restricting "junk foods" in school is not the answer (10)108
setting standards for dioxins (8)156
single food safety agency is not the answer (3)104
trans fatty acids: occurrence, health effects, and alternatives (12)140
U.S. aquaculture is fighting an upstream battle (9)124
world trade success depends on risk analysis (2)100

Book Reviews
Bread Staling (2)74
Food Colloids: Fundamentals of Formulation (10)86
Food Product Development (8)133
Introduction to Food Engineering, 3rd ed. (7)86
Marine & Freshwater Products Handbook (3)84
Methods in Chemosensory Research (11)80
Open Dating of Foods (10)86
Verocytotoxigenic E. coli (8)133

Biotechnology
consumer acceptance of genetically modified foods (10)32
determining the safety of bioengineered microorganisms (10)28
good intentions are not enough (4)132

Bioterrorism
addressing the risk of bioterriorism in food production (2)43
hot topics address terrorism, fickle consumers, and obesity (8)48
senior food officials discuss bioterroism preparedness (8)36

Business/Marketing (also see Business/Marketing column)
artificial sweeteners face sweet 'n' sour consumer market (7)24
designer foods for diabetics: a big potential, tricky market (10)38
developing foods to meet the needs of women (1)40
formulating foods for diabetics (10)42
marketing a new generation of foods to women (1)38
natural & organic foods marketplace (1)27

Business/Marketing column
biotech foods face new obstacles (12)20
burgers or biscotti? the fast food market is changing (9)2
don't hold your breath (11)20
fast food today means food, fast (2)18
it's tea time (7)16
one-handed cuisine and other business trends to watch (4)18
profits pouring from bottled water (5)18
surveying the crowded (nutrition)bar scene (6)20
veggie burgers swerve into the mainstream (1)18

Buyer's Guides
classified guide to food industry services (3)105
nutraceutical & functional food buyer's guide (12)73

Coming Events
(1)24, (2)28, (3)28, (4)28, (5)28, (6)28, (7)22, (8)24, (9)28, (10)24, (11)26, (12)26

Company News
(1)12, (2)12, (3)10, (4)12, (5)10, (6)10, (7)8, (8)14, (9)14, (10)12, (11)12, (12)12

Company/Professional Profile column
Cargill raises the bar on development synergy (3)18
profile in brief: Gilbert A. Leveille (3)18

Consumer Trends column
alternatives add excitement (11)18
cooking up great taste, the next generation (7)14
flavored forecast 2002 (1)16
fun, fantasy, and health food, too (8)54
got milk? get cultured (2)16
home cookin' is cookin'(10)18
new youth health market (12)18
no longer overlooked (6)18
restaurant-goers are super savvy and sophisticated (5)16
super sides (3)16

Consumers (also see Consumer Trends column)
consumer acceptance of genetically modified foods (10)32
influences on purchase of irradiated foods (11)34
natural & organic foods marketplace (1)27
top 10 functional food trends: the next generation (4)32

SUBJECT INDEX *(continued)*

Corrections
(8)135, (9)108, (11)82

Culinary
ever-changing American palate: top 10 culinary trends to watch (9)40

Developing Foods Special Report
artificial sweeteners face sweet 'n' sour consumer market (7)24
designer foods for diabetics (10)38
developing and marketing foods for women (1)38
developing foods to meet the needs of women (1)40
formulating foods for diabetics (10)42
marketing a new generation of foods to women (1)38
neotame: the next generation sweetener (7)36
optimizing sweetener blends for low-calorie beverages (7)42
sugar replacers expand product horizons (7)24
sweet choices: sugar replacements for food and beverages (7)28
top 10 functional food trends: the next generation (4)32

Education News column
Almond Board launches contest for food science students (9)108
Bidlack receives Wang award (7)86
Constantinides retires from University of Rhode Island (4)110
Cornell students win dairy ingredients contest (9)108
Decker named first Fergus M. Clydesdale professor of Food Science (8)132
Georgia launches new food product development program (10)85
Georgia professor honored (7)86
Hrazdina elected to Hungarian Academy of Sciences (7)86
Kansas State breaks ground on new facility (11)80
Lee appointed chair, Cornell Food Science & Technology Dept. (8)132
Marquart joins Minnesota faculty (10)85
Maurer and Weil join Purdue's Whistler Center (10)85
memorial scholarship honors Foegeding (7)86
Min named Professor of the Year (8)132
NSEP fellowships available (10)85
payment due for institutional access to JFS online (2)74
Penn State receives donation (3)84
Penn State receives donation for food science building (2)74
Penn State's food science building receives $50,000 (9)108
sensory science scholarship fund seeks applicants (2)74
Smart is visiting professor (7)86
students compete for culinary award (4)110
Sumner receives excellence award (4)110
UC Davis honors Phaff (3)84
Umass Amherst hosts alumni weekend, announces scholarship endowment campaign (11)80
UMass presents teaching award (3)84
Wehner named Cal Poly Dean (9)108
Woteki named ISU Dean (3)84

Elections & Appointments
ADPI names new CEO (3)12
Dunlap appointed to California travel and tourism commission (5)12
NMA promotes Frey (2)12
PMMI names two Vice Presidents (4)14
Power appointed to California biotech committee (3)12

Feature Articles
activated lactoferrin—a new approach to meat safety (3)40
addressing the risk of bioterriorism in food production (2)43
Agriculture Secretary keynotes conference (9)58
consortium studies high-pressure processing (2)41
consumer acceptance of genetically modified foods (10)32
determining the safety of bioengineered microorganisms (10)28
determining thermal effects in high-pressure processing (2)31
developing and marketing foods for women (1)38
developing foods to meet the needs of women (1)40
dialogue on pathogen reduction (9)55
emerging microbiological food safety issues (2)48
enhancing foods with functional genomics (5)184
food research trends—2003 and beyond (12)30
IFT's conference addresses food safety and quality (4)67
IFT's strategic plan: changing direction (9)62
influences on purchase of irradiated foods (11)34
lactic acid bacteria genome consortium formed (5)188
look into the future of food science & technology (1)46
marketing a new generation of foods to women (1)38
median starting salaries reach $45,000 (3)47
natural & organic foods marketplace (1)27
optical biosensors for food pathogen detection (3)32
paper beverage carton: past and future (7)46
parasites and the food supply (4)72
partnering for successful product development (11)28
preventing degenerative diseases by anti-angiogenic functional foods (6)78
protecting innovation: patents vs trade secrets (4)60
reforming food safety: a model for the future (5)190
regulation of functional foods and dietary supplements (6)89
resistance and adaptation to food antimicrobials, sanitizers, and other process controls (11)69
sessions provide lessons (9)59
survey measures the needs of IFT's industrial members (6)95
validating high-pressure processes for low-acid foods (2)36

Fellows
Bruhn, Christine M. (8)112
Buchanan, Robert L. (8)113
Duncan, Charles L. (8)113
Harlander, Susan K. (8)114
Hotchkiss, Joseph H. (8)114
McLellan, Mark R. (8)114
Min, David B. (8)115
Raines, Brian W. (8)115
Swanson, Barry G. (8)115
Swanson, Katherine M.J. (8)116

Foodservice
fast and casual: today's foodservice trends (9)34
foodservice drives packaging developments (10)78
restricting "junk foods" in school is not the answer (10)108

Functional Foods (see Nutraceuticals and Functional Foods)

Health and Nutrition (also see Nutraceuticals & Functional Foods column)
American obesity epidemic is getting worse (6)148
designer foods for diabetics (10)38
developing and marketing foods for women (1)38
developing foods to meet the needs of women (1)40
formulating foods for diabetics (10)42
hot topics address terrorism, fickle consumers, and obesity (8)48
marketing a new generation of foods to women (1)38
pass the whole-grain snack food, please (5)216
preventing degenerative diseases by anti-angiogenic functional foods (6)78

IFT (also see President's Page)
IFT's strategic plan: changing direction (9)62
survey measures the needs of IFT's industrial members (6)95

IFT Annual Meeting & Food Expo, 2002
2002 Fellows of the Institute (8)112
2002 IFT Achievement Awards (8)117
2002 IFT Annual Meeting & Food Expo highlights (8)28
2002 IFT student competition winners (8)122
Annual Meeting & Food Expo preview update (6)32
call for forums (1) 79
exhibitors (5)121
50 ingredient hot spots highlighted (6)32
food industry services (6)72
food packaging stars at Food Expo (8)106
Food Expo reveals product development trends (8)59
hot topics address terrorism, fickle consumers, and obesity (8)48
ingredient exhibitors at 2002 IFT Food Expo (5)36
ingredient suppliers define themselves for tomorrow (8)62
keynoter Jen urges food scientists to seize the day (8)29
lab developments featured at Food Expo (8)96
laboratory papers and exhibits (5)93
many services offered at Food Expo (8)109
more ingredient developments from 2002 IFT Food Expo (9)84
more laboratory developments at 2002 IFT Food Expo (9)96
more laboratory papers and exhibits (6)56
more packaging papers and exhibits (6)70
more processing exhibits from 2002 IFT Food Expo (9)100
more processing papers and exhibits (6)61
more service exhibits (6)72
nutraceutical ingredients rediscover their functionality (8)83
official post-show coverage (8)48
official preview...the IFT Annual Meeting & Food Expo 2002 (5)33
packaging papers and exhibits (5)112
photo highlights (8)28
preliminary programs (5)126
processing equipment covered at Food Expo (8)102
processing papers and exhibits (5)101
senior food officials discuss bioterroism preparedness (8)36
service exhibits (5)116

IFT Annual Meeting & Food Expo, 2003
abstract "help desk" available for 2003 Annual Meeting (8)131
call for abstracts for 2003 annual meeting (9)104
call for forums (11)79
call for new products & technologies papers (10)82
call for nominations for 2003 IFT Fellows (10)82
call for nominations for 2003 IFT Achievement Awards (10)81
call for videos (11)79
symposium proposals for next Annual Meeting due September 3 (7)84

IFT News Column
"Pizza Explorer" CD-ROM introduces students to food science (3)81

SUBJECT INDEX *(continued)*

abstract "help desk" available for 2003 Annual Meeting (8)131
Annual Meeting will feature employment, career development programs (4)106
call for abstracts for 2003 annual meeting (9)104
call for forums (11)79
call for forums (1)79
call for new products & technologies papers (10)82
call for nominations for 2003 IFT Fellows (10)82
call for nominations for 2003 IFT Achievement Awards (10)81
call for videos (11)79
career guidance committee honors students (7)85
congratulations to IFT's first 50-year-member couple (5)196
December issue to feature nutraceutical & functional food buyer's guide (9)107
double issue of JFS published (3)81
Executive Committee representatives start terms (9)105
February 1 deadline for World Congress abstracts (12)70
Gravani and Perchonok elected to executive committee (3)80
Hlavacek promoted to vice president (11)79
Hollingsworth chosen IFT's President-Elect (8)130
Hollingsworth voted next President–Elect (3)80
IFT develops new online IFT Food Expo buyer's guide (9)107
IFT goes to China (3)81
IFT holds new headquarters open house (5)195
IFT initiates series of summit conferences (9)106
IFT offers Career Day mini experiments (1)79
IFT offers technical sessions recordings (1)79
IFT offers two more e-mail newsletters (8)132
IFT publishes new electronic scientific journals (4)107
IFT recognizes 50-year members (5)196
IFT regional section & division news (1)80
IFT scholarship and fellowship recipients: 2002-03 (10)83
IFT takes position on acrylamide, organic issues (12)69
IFT to offer 10 continuing education programs prior to Annual Meeting (2)72
International Division announces 2002 roundtable (3)81
JFS establishes new page charge rate schedule, rates reduced for IFT members (8)131
JFS Web journals' third quarterly posting now available (10)82
June/July 2002 JFS in print (8)131
learn to submit JFS manuscripts electronically (5)198
Mark R. McLellan becomes IFT's 2002-03 President (8)130
new distinguished lecturers selected (5)197
nominees for IFT officers announced (12)68
Palumbo gives 40th Tanner lecture (6)128
Rooney receives Riester-Davis Award (8)130
Sensory Evaluation Division creates student listserv (1)80
September 2002 JFS in print (10)82
Southern California presents Bates scholarship (1)80
students win paper competition (6)128
summit conferences to define research needs (12)69
symposium proposals for next Annual Meeting due September 3 (7)84
USDA honors Bauman (6)126
world food summit focuses on hunger reduction (9)107
Worrell named Certified Research Chef (6)126

IFT Newsmakers column
ahead of the curve, IFT perspective generates the ink (4)109
IFT experts: sweet on food topics in the news (10)87
IFT food science and opinion in 2002 headlines (12)72
IFT insight: from coast-to-coast and overseas (7)87
IFT talks, news media listens (2)76
news media: back for more from IFT (5)199
providing caution in the face of acrylamide alarm (6)129
science insight from the left coast (11)81
summer food news includes IFT Annual Meeting & Food Expo (8)136
terrorism heightens food safety concerns (1)82
when government issues recalls, reporters call IFT experts (9)109

IFT Regional Section & Division Meetings
(1)81, (2)73, (3)82, (4)108, (9)106, (10)85, (11)80, (12)71

IFT Regional Section & Division News
(3)81, (4)107, (10)82, (11)79

IFT Regional Section & Division People
(1)80, (2)73, (3)82, (4)108, (12)70

Industry News column
ADM develops controlled-release supplement (5)12
AHA questions fat substitute health benefits (8)12
another grape compound may have cancer-preventive qualities (7)6
appetite suppressing hormone discovered (9)10
ARS and Frito-Lay research fumonisins (5)12
berry extracts may inhibit cancer (2)10
CAMBIA offers patent database (6)12
consumer food safety habits improving (11)8
consumers want easy meals (1)10
consumers' support of food biotechnology steady (11)10
cooking with iron pots may help iron deficiency (11)8
Danisco begins antioxidant production in U.S. (2)10
Diversa and Givaudan to develop new enzyme appications (2)10
doctors recommend yogurt with live active cultures (1)12
EU approves Cargill acquisition of Cerestar (3)8
EU seeking Food Safety Authority director (4)10
FAO says food production will exceed population growth (10)10
FAO, WHO evaluate codex (6)8
FDA approves neotame (8)12
Flow International gives new identity for high-pressure business (5)12
food product introductions continue to decline (8)10
fortified foods market reaches $18 billion (6)12
GAO issues report on weight-loss supplements (9)10
Givaudan to acquire FIS, flavor unit of Nestle (3)8
H&R Flavors sponsors consumer research study (7)6
Haarman & Reimer acquired, will merge with Dragoco (8)10
HACCP Alliance to hold first conference (3)14
IFIC conducts consumer food biotech survey (1)12
Kerry acquires ingredients companies (2)10
La Moderna to purchase three Kraft flour businesses (3)8
millions threatened by famine (7)6
Nestle and Ocean Spray form strategic alliance (3)14
new market research facility opens (10)8
new report focuses on diet and exercise guidelines (10)8
new TV series focuses on global food culture (11)8
NIH funds echinacea and St. Johns wort research (9)12
nutraceuticals gaining flavor and ground (9)10
ozone benchmarked as surface sanitizer (5)8
P&G sells olestra plant (4)10
Petite Sirah and Zinfandel to become Durif and Primitivo (5)12
Powerpoint presentation on product development available (6)30
report shows food industry mergers down (6)8
Sanchez named 2002 World Food Prize laureate (12)8
savory snack sales increasing (9)10
study forecasts future trends in food manufacturing and retail (4)10
study looks at "tween" preferences (5)8
study questions benefits of ginkgo biloba (11)10
Tetra Pak produces retorted food in cartons (4)10
Texas A&M and SureBeam dedicate electron-beam research facility (4)8
UK study indicates health claims confuse consumers (12)8
USDA launches online nutrient directory (7)6
Web site offers HACCP demonstrations (6)8
WHO/FAO launch acrylamide research site (12)8
World Bank looks at reducing hunger (10)10
World Food Prize laureates sought (1)10
World Food Summit ends with treaty (8)10

Ingredients (also see Ingredients column, Nutraceuticals & Functional Foods column, and Sweeteners)
classified guide to food industry services (3)105
50 ingredient hot spots highlighted (6)32
ingredient exhibitors at 2002 IFT Food Expo (5)36
ingredient suppliers define themselves for tomorrow (8)62
more ingredient developments from 2002 IFT Food Expo (9)84
nutraceutical ingredients rediscover their functionality (8)83

Ingredients column
adding to the family of rice bran extracts (1)66
antimicrobials: setting up additional hurdles to ensure food safety (6)99
bakery ingredients: past, present, and future directions (1)56
beefing up innovations for meat and poultry ingredients (3)54
bread helps upgrade pb&j sandwich (1)60
carob may have cholesterol-lowering properties (1)68
combining nutraceuticals and specialty food ingredients (1)60
confectionery ingredients bridge indulgence with health (9)64
confectionery program focuses on Ingredients and Processing (9)68
emerging ingredients: and the winners are! (7)54
encapsulating the once unachievable (1)64
evolving ingredient components offer specific health value (12)50
exploring novel flavor and health concepts on the west coast front (5)34
fenugreek becomes a healthy language (1)70
finding new ways to help enhance appearance and texture of foods (11)38
flax on the rise in the U.S. (1)70
from soy to fenugreek to flax (1)62
frozen desserts defined (10)48
highlighting fresh concepts (1)66

SUBJECT INDEX *(continued)*

ingredients highlighted at SupplySide West (2)62
innovative products make debut at FMI show (7)62
introducing family of sterol-based nutraceuticals (1)69
lipid-based system earns "gold" (1)58
new online journal debuts with fermentation article (2)56
partnering whey and corn starch (1)62
Penn State holds ice cream short course (10)58
portfolio demonstrates innovative solutions (1)68
putting the walnut into the dough (1)69
raisins learn new dances (1)67
repromoting polydextrose and structured triglycerides (1)69
resistant starch bakes a good impression (1)67
snack foods: ingredient concepts to munch on (4)82
spotlighting choline (1)62
staying on the cutting edge of oil technologies (1)58
synergistic gum combinations provide gelling benefits (1)67
31 ingredient developments for frozen desserts (10)46
timely ingredient developments via fermentation (2)52
what's up doc? a new fiber ingredient (1)70

Regulatory (also see Regulatory Impact column and Science, Communications, & Government Relations column)
Agriculture Secretary keynotes conference (9)58
data on food additives desperately needed in Codex (1)100
dialogue on pathogen reduction (9)55
food industry faces environmental challenges (11)100
performance standards for *Campylobacter* are not warranted (7)104
reforming food safety: a model for the future (5)190
regulation of functional foods and dietary supplements (6)89
restricting "junk foods" in school is not the answer (10)108
sessions provide lessons (9)59
setting standards for dioxins (8)156
single food safety agency is not the answer (3)104
world trade success depends on risk analysis (2)100

Regulatory Impact column
bioterrorism law gives FDA new food powers (8)20
electronic records and the food industry (4)24
evaluating food supplement safety (11)23
food safety objectives aid in risk management (3)24
global foodborne disease surveillance system faces hurdles (2)24
hide and seek in dairy supplements (7)20
new technologies question the equality of pathogens (5)24
organic standards (6)24
updating the DRIs for nutrition labeling (9)24

Research & Development
food research trends—2003 and beyond 12(30)
look into the future of food science & technology (1)46

Safety
activated lactoferrin—a new approach to meat safety (3)40
Agriculture Secretary keynotes conference (9)58
dialogue on pathogen reduction (9)55
emerging microbiological food safety issues (2)48
IFT's conference addresses food safety and quality (4)67
optical biosensors for food pathogen detection (3)32
parasites and the food supply (4)72
performance standards for *Campylobacter* are not warranted (7)104
reforming food safety: a model for the future (5)190
resistance and adaptation to food antimicrobials, sanitizers, and other process controls (11)69
sessions provide lessons (9)59
setting standards for dioxins (8)156
single food safety agency is not the answer (3)104
stress-adapted, cross-protected, resistant: a concern? (11)22
world trade success depends on risk analysis (2)100

Science, Communications, & Government Relations column
"shrouded threat" of foodborne parasites (4)20
conversation with Lester Crawford (9)22
IFT issues report on emerging microbiological food safety issues (2)22
IFT recognizes advocates for science-based public policy (5)20
IFT's Codex Alimentarius activities (1)22
IFT's Washington, D.C., office keeps busy (12)22
IFT's DC office: making our presence known (6)22
IFT's scientific reports find amazing reach (7)18
learning the legislative process (3)21
right time for congressional fellowship (8)18
stress-adapted, cross-protected, resistant: a concern? (11)22
upping the ante for food science and technology research (10)20

Scientific Status Summaries
parasites and the food supply (4)72
resistance and adaptation to food antimicrobials, sanitizers, and other process controls (11)69

Sloan State-of-the-Industry Report
ever-changing American palate: top 10 culinary trends to watch (9)40

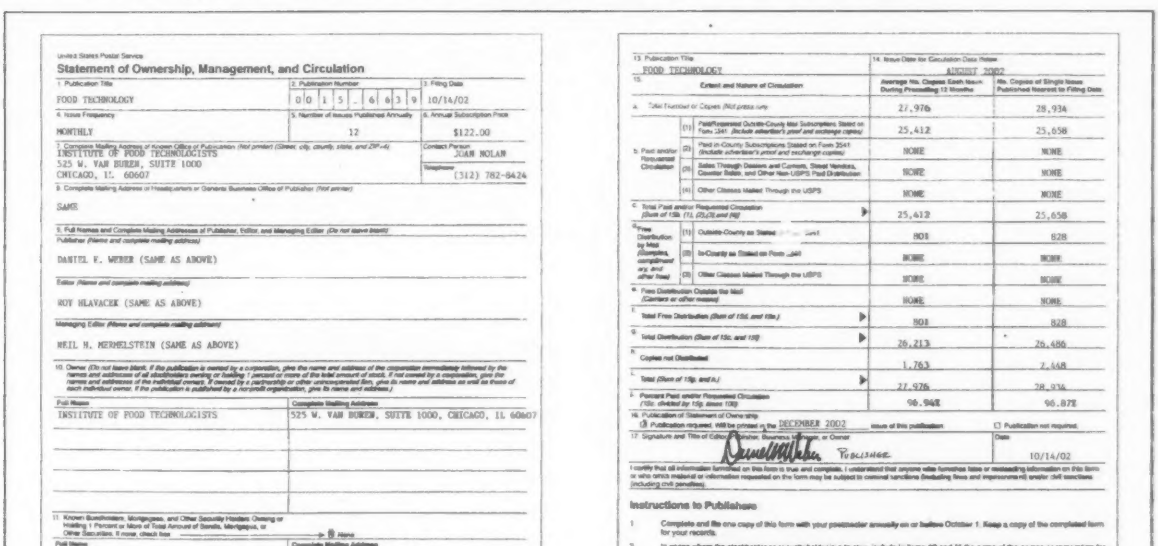
Food Technology 2002 Statement of Ownership, Management, and Circulation



United States Postal Service
Statement of Ownership, Management, and Circulation

1. Publication Title	2. Publication Number	3. Filing Date
FOOD TECHNOLOGY	0 0 1 5 - 6 6 3 9	10/14/02
4. Issue Frequency	5. Number of Issues Published Annually	6. Annual Subscription Price
MONTHLY	12	$122.00

7. Complete Mailing Address of Known Office of Publication (Not printer) (Street, city, county, state, and ZIP+4): INSTITUTE OF FOOD TECHNOLOGISTS, 525 W. VAN BUREN, SUITE 1000, CHICAGO, IL 60607 — Contact Person: JOAN NOLAN; Telephone: (312) 782-8424

8. Complete Mailing Address of Headquarters or General Business Office of Publisher (Not printer): SAME

9. Full Names and Complete Mailing Addresses of Publisher, Editor, and Managing Editor (Do not leave blank)
Publisher (Name and complete mailing address): DANIEL F. WEBER (SAME AS ABOVE)
Editor (Name and complete mailing address): ROY HLAVACEK (SAME AS ABOVE)
Managing Editor (Name and complete mailing address): NEIL H. MERMELSTEIN (SAME AS ABOVE)

10. Owner (Do not leave blank. If the publication is owned by a corporation, give the name and address of the corporation immediately followed by the names and addresses of all stockholders owning or holding 1 percent or more of the total amount of stock. If not owned by a corporation, give the names and addresses of the individual owners. If owned by a partnership or other unincorporated firm, give its name and address as well as those of each individual owner. If the publication is published by a nonprofit organization, give its name and address.)

Full Name	Complete Mailing Address
INSTITUTE OF FOOD TECHNOLOGISTS	525 W. VAN BUREN, SUITE 1000, CHICAGO, IL 60607

11. Known Bondholders, Mortgagees, and Other Security Holders Owning or Holding 1 Percent or More of Total Amount of Bonds, Mortgages, or Other Securities. If none, check box → ☒ None

Full Name	Complete Mailing Address

12. Tax Status (For completion by nonprofit organizations authorized to mail at nonprofit rates) (Check one)
The purpose, function, and nonprofit status of this organization and the exempt status for federal income tax purposes:
☐ Has Not Changed During Preceding 12 Months
☐ Has Changed During Preceding 12 Months (Publisher must submit explanation of change with this statement)

PS Form 3526, October 1999 (See instructions on Reverse)

13. Publication Title: FOOD TECHNOLOGY — 14. Issue Date for Circulation Data Below: AUGUST 2002

15. Extent and Nature of Circulation		Average No. Copies Each Issue During Preceding 12 Months	No. Copies of Single Issue Published Nearest to Filing Date
a. Total Number of Copies (Net press run)		27,976	28,934
b. Paid and/or Requested Circulation	(1) Paid/Requested Outside-County Mail Subscriptions Stated on Form 3541. (Include advertiser's proof and exchange copies)	25,412	25,658
	(2) Paid In-County Subscriptions Stated on Form 3541 (Include advertiser's proof and exchange copies)	NONE	NONE
	(3) Sales Through Dealers and Carriers, Street Vendors, Counter Sales, and Other Paid Distribution Outside USPS	NONE	NONE
	(4) Other Classes Mailed Through the USPS	NONE	NONE
c. Total Paid and/or Requested Circulation (Sum of 15b. (1), (2),(3),and (4))		25,412	25,658
d. Free Distribution by Mail (Samples, complimentary, and other free)	(1) Outside-County as Stated on Form 3541	801	828
	(2) In-County as Stated on Form 3541	NONE	NONE
	(3) Other Classes Mailed Through the USPS	NONE	NONE
e. Free Distribution Outside the Mail (Carriers or other means)		NONE	NONE
f. Total Free Distribution (Sum of 15d. and 15e.)		801	828
g. Total Distribution (Sum of 15c. and 15f)		26,213	26,486
h. Copies not Distributed		1,763	2,448
i. Total (Sum of 15g. and h.)		27,976	28,934
j. Percent Paid and/or Requested Circulation (15c. divided by 15g. times 100)		96.94%	96.87%

16. Publication of Statement of Ownership
☒ Publication required. Will be printed in the DECEMBER 2002 issue of this publication. ☐ Publication not required.

17. Signature and Title of Editor, Publisher, Business Manager, or Owner: PUBLISHER — Date: 10/14/02

I certify that all information furnished on this form is true and complete. I understand that anyone who furnishes false or misleading information on this form or who omits material or information requested on the form may be subject to criminal sanctions (including fines and imprisonment) and/or civil sanctions (including civil penalties).

Instructions to Publishers

1. Complete and file one copy of this form with your postmaster annually on or before October 1. Keep a copy of the completed form for your records.
2. In cases where the stockholder or security holder is a trustee, include in items 10 and 11 the name of the person or corporation for whom the trustee is acting. Also include the names and addresses of individuals who are stockholders who own or hold 1 percent or more of the total amount of bonds, mortgages, or other securities of the publishing corporation. In item 11, if none, check the box. Use blank sheets if more space is required.
3. Be sure to furnish all circulation information called for in item 15. Free circulation must be shown in items 15d, e, and f.
4. Item 15h., Copies not Distributed, must include (1) newsstand copies originally stated on Form 3541, and returned to the publisher, (2) estimated returns from news agents, and (3), copies for office use, leftovers, spoiled, and all other copies not distributed.
5. If the publication had Periodicals authorization as a general or requester publication, this Statement of Ownership, Management, and Circulation must be published; it must be printed in any issue in October or, if the publication is not published during October, the first issue printed after October.
6. In item 16, indicate the date of the issue in which this Statement of Ownership will be published.
7. Item 17 must be signed.

Failure to file or publish a statement of ownership may lead to suspension of Periodicals authorization.

PS Form 3526, October 1999 (Reverse)
